Re: CE Declaration of Conformity – Assurant (Cloth) Heaters

The following specialty component heaters:

Assurant Cloth Type Heaters: Type A and Type C (includes Type F), followed by three digits, 1-3.
Max. Rated Voltage: 240 Volts
Max. Rated Power: 5 Watts/in²
Max. Operating Temperature: 180°C (Type A)
250°C (Type C, including Type F)

Meet the essential requirements of the following European Union Directives:

2014/35/EU Low Voltage Directive

Using the relevant sections of the normalized standards shown:

EN60335-1:2012 Safety of Household and Similar Electrical Appliances

Columbia, MO USA, 01/10/2018
