

# SpecView Software Field Upgrade Order Form

## Upgrade Order Instructions:

- Complete section 1 of this order form:
    - Enter the contact information for the person who should receive the upgrade information.
    - Indicate the contact method for receiving the upgrade codes.
    - Users of version 3: enter the serial number of the key (dongle) that you are upgrading.
    - Users of version 2.5: enter the Step 1 code from SpecView and the serial number of the key that you are upgrading.
    - Indicate the features you want to add by completing the upgrade ordering code.
  - Provide the completed order form with a purchase order to your Watlow sales agent or authorized Watlow distributor.
  - The agent or distributor will forward this form to Watlow along with the purchase order.
  - You will receive upgrade instructions and, if necessary, codes that unlock the features you order.
- Questions? Contact us at: 1-800-4WATLOW, Outside USA and Canada: +1 (314) 878-4600, info@watlow.com
